Harold/Lil

Here, finally, is the Phelan opus cum dopus I promised to send you a month ago and hope it is not now superfluous. I've been on the rack over the holidays (off now) with my two masters and one family all clamping work and play priorities on everything in sight. I hope you are well and the fly=bite=us has gone. Am sending down tonight NYTimes bits on the Martin Luther King saga, plus some accumulation, and an interesting bit on Lincoln. Also promise to be more diligent in future, which starts tomorrow. Two book orders should be on way by separate cover (sinister word) and what do you think of ~~NYTimes~~ drat the CBS INVESTIGATIONS?

~~BEST~~ best
